

# LANTOS RAINBOW PYRAMID

The **LANTOS RAINBOW PYRAMID** causes great clarification and harmony, resulting in more love and concentration. Communication can be promoted in this way. It also has a strong effect on the solar plexus and thus on the level of emotions.

It is preferably used where living beings can not evolve and many emotions cause upsets. In such cases it leads to a calming of the situation. It raises the consciousness of living beings so that they can no longer be determined by the level of emotions, but can transform them.

In order for the effect to unfold perfectly, the pyramid is placed in an elevated position (for example, on a cabinet or a rack). The field of action builds up conically downwards.
