

The TREE OF LIFE activates the whole structure of man, it grounds and centers.

It is also excellent for harmonizing all chakras simultaneously, even when the pendant is worn on the neck. The TREE OF LIFE represents an ancient symbol which explains the interrelated aspects of life, awakening and fostering the unused potentials of past, present and future. In sacred geometry, the TREE OF LIFE links Heaven, Earth and all that is and all that is between, creating omnipresence.

This form is also very suitable for harmonizing the chakra system.
